Word was received from Chicago yesterday that a box of old clothing, bought for \$4 at the annual sale of unclaimed goods at the government warehouse, was found to contain \$3,000 in bonds of the Equitable Investment company of this city. The box was consigned to W. J. Morris, care of the Equitable.

The purchaser presumably thought he had struck a veritable El Dorado, as a number of telegrams were received here making inquiries as to the value of the bonds, but he will be disappointed. The Equitable Investment company was incorporated in June, 1893, in this city by S. T. Van Eaton, William Larsen and J. B. Sweet, but has been out of business for several years. The federal authorities stepped in and stopped the business of the company on the grounds that it partook of the nature of a lottery.

Fisher, the old soldier arrested in Omaha while trying to dispose of a set of single harness which he had stolen on this side of the river, was committed to the city jail for thirty days yesterday by Judge Smith. The sentence was evidently the old man's liking, as he appeared not to have eaten a square meal for a considerable length of time. The harness was found to have been stolen from the barn of John Eckerson, 519 South Thirty-third street. The same day it was found in Fisher's possession at the same time were stolen from C. Klein while working on I. C. Bonham's residence on North Second street. It is doubtful if Fisher will be prosecuted for the theft of this. Fisher told the police he had no money to get out of jail, and was on the point of starvation, and was prompted to steal with the hope of being able to secure something to eat. His appearance bore out his story.

WHOLESALE GROCERS MEET

Association of Iowa and Nebraska Dealers Holds Executive Session.

GOODLY NUMBER OF MEMBERS PRESENT

Proposition That All Purchase Goods Through One Broker Is Voted Down by a Rousing Majority.

The Wholesale Grocers' association of Iowa and Nebraska held a meeting yesterday at the Grand hotel. As on former occasions, the sessions were held behind closed doors and matters of interest to the members alone, it is said, were discussed. When asked what business brought the members of the association together one of the officers said "Just for a social time and to get acquainted with one another." One of the "social" matters brought up, however, was the proposition sprung at a recent meeting in Des Moines for the members of the association to make their purchases through one broker or purchasing agent. The proposition was voted down hard and heavy, the general opinion being that the matter of purchasing was a question affecting the individual member and not the association.

The meeting was well attended, among those present being: G. M. Carr, F. C. Letts, Marshalltown; J. W. Howell, Des Moines; A. P. Spooner, Okaloosa; G. P. Smith, Mason City; S. Mahon, Ottumwa; M. E. Fisher, Red Oak; J. E. Hummer, Iowa City; J. W. Wille, L. A. Hamill, Keosauqua; E. W. Schlaff, Burlington; R. S. Hillman, Waterloo; W. H. Kiefer, Independence; C. C. Miller, Davenport; J. W. Van Patton, Davenport; F. W. Schroeder, John Mihlforth, F. A. Hancock, Dubuque; C. E. McElroy, Ottumwa; W. S. Wardell, B. H. Kingsbury, Sioux City; C. H. May, Fremont, Neb.

SEVENTEEN THOUSAND DOLLARS.

John W. Paul Asks This Modest Sum for Alleged Damages.

John W. Paul, the ex-ville promoter of railroad enterprises, commenced suit in the district court yesterday in the name of the Iowa Construction Company against the Chicago & Northwestern Railway Company. In his complaint Paul asks for damages in the sum of \$17,000 for alleged trespass.

Paul sets up in his petition that the Iowa Construction company, of which corporation he was the leading spirit, owns in fee simple two government lots in the north-east part of the city lying immediately west of the Northwestern's right-of-way. As a basis for his demand for \$17,000 of the railway company's money he alleges that it has entered upon this land and taken possession of a strip 100 feet wide on which it is building an embankment and making excavations for the purpose of laying a track. This Paul objects to, as he claims the railroad company has not paid or offered to him any compensation for the land thus occupied nor has it commenced condemnation proceedings.

On the showing made by Paul's attorneys Judge Smith granted a temporary injunction, but no time was set for hearing the application for a permanent restraining order.

GRADE SYSTEM IN PRISONS

Iowa Board of Control Has Determined to Inaugurate the New Idea.

PRISON STRIPES GIVE WAY TO UNIFORMS

Convicts Are Given an Incentive to Lead Better Lives—Proposed Interurban Electric Lines for Des Moines.

DES MOINES, July 12.—(Special Telegram.)—The State Board of Control of Iowa today determined to inaugurate the grade system in the state penitentiaries. The plan is being made now for the goods for the different uniforms. The grade system contemplates the classification of the convicts with reference to their behavior while in the prisons. A system of markings is devised and a careful record kept of each convict. The prison stripes will give way to different colored uniforms, gray and brown being predominant. The higher class of convicts has the least distinctive uniform. It is believed by this method the very best results of reformation are secured. The prison stripes so disgraceful to the convicts, that they are believed by penologists to create despair and humiliation which do not assist in reformation. But by being given a definite object to work for and somewhat of a reward for good behavior the convicts are given an incentive to lead better lives. Besides the new uniforms, the board has determined to allow them the use of the tracks for extra money. The board has determined to allow them the use of the tracks for extra money.
